on PCT Application No. PCT/AT98/00278, of which the above-identified application is a continuation. A copy of the first page of this application is attached. As no executed Declaration by the inventors has yet been filed in this case, the error in inventorship will be formally corrected, under 37 C.F.R. §1.48(f), by the submission of a Declaration executed by all three inventors. The residences of all three inventors, which is Vienna., Austria, is also indicated and will be set forth in the executed Declaration, which is currently being prepared. Also please note the umlaut in Spängler.

Second, as indicated on page 3 of Applicants' Transmittal filed with the original papers, the priority document is an AUSTRIAN patent application, not an Australian application.

Please charge any fees which may be due with this submission to Deposit Account No. 02-4377. A copy of this paper is enclosed.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Lisa B. Kole", written over a horizontal line.
